

**NOTICE OF PUBLIC INFORMATION CENTRE #2  
MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT STUDY  
Ponderosa Nature Resort Water and Wastewater System Improvements**

## The Study

Ponderosa Nature Resort initiated a Schedule C Municipal Class Environmental Assessment (MCEA) for Improvements to Ponderosa Nature Resort Water and Wastewater System in September 2019. The purpose of the Study is to identify a preferred solution and design concept that provides a cost-effective and environmentally sound options of providing water treatment and distribution and wastewater collection, treatment and disposal for Ponderosa with sufficient capacity to service existing and proposed additional lots. Since the commencement of the EA, the Study Team has determined that the scope of the proposed water system improvements meets the description of a Schedule B water project and has adjusted the EA process accordingly. Alternatives will be examined as part of the Study including the impacts of alternatives on the social, cultural, natural, and financial environment.

Since the commencement of the EA, the Study Team has determined that the scope of the proposed water system improvements meets the description of a Schedule B water project and has adjusted the EA process accordingly. Alternatives will be examined as part of the Study including the impacts of alternatives on the social, cultural, natural, and financial environment.

## The Process

The study is being carried out in accordance with the planning and design process for Schedule B water projects and Schedule C wastewater projects as outlined in the Municipal Class Environmental Assessment (October 2000, as amended in 2007, 2011 and 2015), which is approved under the *Ontario Environmental Assessment Act*.

## Public Information Centre #2

Public, review agency, and indigenous communities' consultation is a key element of the Class EA process and input will be sought from various parties throughout the study. The first Public Information Centre (PIC) for this EA Study was held on September 24, 2019. Due to COVID-19 pandemic and the closure of public spaces for large gatherings, PIC #2 will be provided in a digital format. The public is invited to provide feedback on PIC #2, which will include the problem / opportunity statement, results of environmental and technical studies completed to date, the alternative solutions considered and a preliminary preferred solution. The PIC#2 Presentation Material and Comment Sheet will be available at [www.rjburnside.com/ponderosa](http://www.rjburnside.com/ponderosa) starting **November 26, 2020** until **December 17, 2020**. We would encourage the public to access the PIC #2 materials and submit a Comment sheet to one of the project team members below by **December 17, 2020**.

## Comments Invited

If you have any questions, comments, or wish to be added to the Project Contact List, please contact either of the project team members.
